About MBAC

MBAC is focused on becoming a significant integrated producer of phosphate and potash fertilizers in the Brazilian and Latin American markets. MBAC has an experienced team with over 150 years of combined experience in the business of fertilizer operations, management, marketing and finance within Brazil. In October 2008, MBAC acquired Itafós Mineracao Ltda, which consisted of a phosphate mine and related infrastructure, located in central Brazil. MBAC's exploration portfolio includes a number of additional phosphate and potash projects, which are also located in Brazil. MBAC is well funded with approximately \$55 million, which will be used to develop the Itafós Expansion project. The Company continues to search for additional fertilizer opportunities in the Brazilian and other Latin-American markets, where strong agricultural fundamentals and unique opportunities are expected to provide attractive growth opportunities in the near future. All material information on MBAC can be found on the Company's website at www.mbacfert.com or at SEDAR at www.sedar.com.
